

NEW PATENTED

SERIES II Earth Anchor

New Features >>>

- ① Chiseled Cutting Edges
- ② Increased Surface Area
- ③ Lateral Direction Guide Ribs

Benefits >>>

- Faster Installation and Penetrates Harder Soils
- Quicker Loading, Stronger Hold
- More Stable Drive Plane Installation Angle

Breakthrough Earth Anchoring Technology

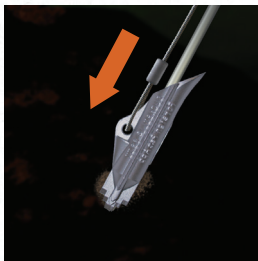

We are the world's leading earth anchoring solutions company.

Foresight Products, LLC is a worldwide leader offering superior earth anchoring systems, innovative solutions to anchor problems, and engineering and field services to its associates. Continuing to set the bar in earth anchoring innovation, Foresight Products has developed the new SERIES II Earth Anchors which are patented worldwide.

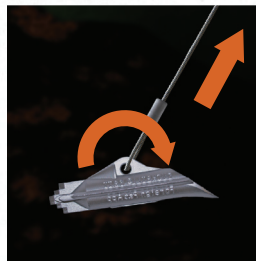

- No digging — No excavation — No soil disturbance
- Anchors can be load tested during installation to exact holding capacity requirements
- Fast installation with conventional hydraulic, pneumatic equipment available worldwide
- Easily installed in tight, hard-to-reach locations
- Substantial time and cost savings
